### **Dental emergency and out-of-hours care**

If you require urgent treatment, please contact your usual dental practice as they may be able to see you or direct you to an urgent care dental service. If you do not have a regular dentist, **contact NHS 111** for advice on where you can get urgent care.

Emergency dental treatment will deal with the problem at hand and the fee for the treatment is currently £18.80. You may be advised to make another appointment for a separate course of non-urgent treatment. In this case, you will have to pay a second charge in the relevant treatment band.
