# The Mayor of London & London Assembly Elections 2024

Mayor of London and London Assembly Elections take place every four years.

The next election will take place on Thursday, 2 May 2024.

Many Disabled people face barriers to voting and democratic engagement.

These barriers can include a lack of accessible information, inaccessible polling stations and society's failure to properly value the voices and choices of Disabled people.

Political decisions have a direct impact on the day-to-day lives of Disabled people.

We need to make sure our voices are heard in the democratic process.

Voting and getting involved in activity in the lead up to elections is one important way to do this.

**Together we can make a difference and push for a more inclusive and accessible London.**

Three different 'contests' make up Greater London Assembly Elections (GLA) – and there are three different ballot papers for voters.

These are for:

1. the Mayor of London
2. the 14 Members of the London Assembly that represent London's 14 Constituencies
3. the 11 Assembly Members that represent the whole of London (London-wide Members)

You can find out more about what the Mayor of London and The London Assembly do here - <https://www.londonelects.org.uk/im-voter/what-do-mayor-london-and-london-assembly-do>

# How to vote on Thursday 2nd May 2024

You can vote in person at a polling station, by post or appoint someone you trust to vote on your behalf as your proxy.

## Postal Vote

Voting by post means that you will be sent a ballot form to mark your vote via post.

Voting by post can be useful if you are worried that you won't be able to get to a polling station or would rather keep your vote to yourself.

To vote by post at any election you must be registered to vote first.

If you want to vote by post either apply

- Online here - <https://www.gov.uk/apply-postal-vote>
- Or you can download a form here - <https://www.electoralcommission.org.uk/media/10570>

This form will need to be returned to Merton's Electoral Services team via email [electoral.services@merton.gov.uk](mailto:electoral.services@merton.gov.uk) or post Electoral Services Merton Civic Centre, London Road Morden, SM4 5DX

If you have applied for a postal vote, you can't go to the polling station.

The voting forms are generally sent out about two weeks before polling day, depending on when you apply.

They include instructions on how to return the postal vote, with a security statement that you have to complete with your signature and date of birth.

You have to return this to the Council, with the ballot papers, before the close of polling on the day of the election.

The Council will compare the signature and date of birth on your statement with those on your application. The vote cannot be counted if they do not match.

If your signature changes a lot, then this might not be the right way for you to vote.

## Proxy

Can't get to your local polling station? You can register to vote by proxy.

Voting by proxy means that you appoint someone you trust to vote on your behalf. Voting by proxy can be useful if you are worried that you won't be able to get to a polling station on polling day. For example, you may have an on-going illness.

You and the person you nominate to vote on your behalf must be registered to vote. If you want to vote by proxy you can:

- Apply online here - <https://www.gov.uk/apply-proxy-vote>
- Or you can download a form here - <https://www.electoralcommission.org.uk/media/10587>

This form will need to be returned to Merton's Electoral Services team via email [electoral.services@merton.gov.uk](mailto:electoral.services@merton.gov.uk) or post Electoral Services Merton Civic Centre, London Road Morden, SM4 5DX

If you have a **medical emergency** occurring after 5pm, six working days before the election, you can apply to vote by emergency proxy (until 5pm on the day of the election).

To apply for an emergency proxy vote you will need to download, print and fill in a form and send it to the Council. The form is available on this link <https://www.electoralcommission.org.uk/sites/default/files/2019-09/Emergency-disability-proxy-vote-application-form.pdf>

You can also contact the council.

**Find out more about postal and proxy voting in Merton here - <https://www.merton.gov.uk/council-and-local-democracy/elections-and-voting/post-proxy>**

# What if I would like to go to the polling station myself, but I might need some support?

Before polling day on 2nd May 2024 you will be sent a **poll card** which will tell you **where your polling station is**. You can only vote at the polling station it says on your poll card.

You do not need to take the poll card with you to vote, but it will help the polling station staff if you do. Polling stations will be open between 7am and 10pm for voting. When you get there the polling station staff will ask you for your name and address. Staff will check you are on the electoral register and have come to the right polling station.

## 7am - 10pm

They will then give you your ballot paper. You mark your vote in secret on the ballot paper in a cubicle and put it in the sealed ballot box. All polling stations should be wheelchair accessible and support Disabled voters. If you need assistance on polling day, you can ask a member of staff, called a Presiding Officer.

## Presiding Officers

If you are voting in person at a polling station, there are a number of ways the staff, called Presiding Officers, can support you to vote.

Don't worry if you can not mark your ballot paper, Presiding Officers may mark your ballot paper for you.

You may also attend the polling station with someone who you would like to mark your ballot paper on your behalf.

Polling stations should be accessible for everyone wishing to vote. If for whatever reason your local polling station isn't accessible, Presiding Officers should provide you with a ballot paper and allow you to vote outside of the polling station.

**Get in touch** - If you are faced with an inaccessible polling station or face barriers around the elections and voting, we want to hear from you.

## Tactile Voting Devices

Polling stations should provide tactile voting devices.

The tactile voting device attaches on top of your ballot paper. It has numbered flaps (the numbers are raised and are in Braille) directly over the boxes where you mark your vote.

A Presiding Officer or someone you have attended the polling station with can read out the list of candidates. You can then use the large numbered flaps to find the part of the ballot paper you wish to mark with your vote.

## Large Print and Magnifying Assistance

Polling stations should provide large print versions of ballot papers.

Polling stations should also provide magnifying assistance. These magnifying sheets can be placed over standard and large print versions of ballot paper to make them easier to read.

**Presiding Officers should be able to provide these aids on request.**

## Parking

If you need to use a disabled parking space, these should be clearly visible and monitored throughout the day.

"If you don't vote, you have no say at all in who represents you in government. At any election in your area, one of the candidates will be selected to represent you whether you vote or not. If you're registered, you'll have the chance to have a say on who represents you by voting."
